

NON-SMOKING POLICY

Effective January 1, 2006, Hearthside Lounge in Lakeview joined the rest of the resort's facilities as a 'non-smoking' area. Now all resort facilities are 'non-smoking'. Management will identify designated outdoor smoking areas.

As part of our employees' medical insurance wellness program, employees are being encouraged to stop smoking. Employees who smoke are being offered a 'stop smoking' program at Rutherford Hospital. The resort is committed to a healthier living environment and reduced medical costs.
